

Product name	<b>NJLUB KTR-90</b>		
Chemical name	Trade secrets		
Molecular formula (M.W.)	Trade secrets	Structural formula of NJLUB KTR-90	
ENCS No	Trade secrets	<div style="border: 2px solid red; border-radius: 10px; padding: 10px; display: inline-block;"> <b>Trade secrets</b> </div>	
CAS RN <sup>®</sup>	Trade secrets		
EINECS No	Registered		
TSCA	Registered		

Applications	Industrial lubricants
Feature/Function	NJLUB KTR-90 is low-viscosity ester with excellent lubrication performance and hydrolysis resistance. It is suitable for applications requiring low-load operation or energy-saving.

< Representative properties >			
Appearance	Clear, liquid	Acid value (mgKOH/g)	≤0.1
Color (Hazen)	≤50	Water content (%)	≤0.1
Purity (GC%)	≥99	Kinetic viscosity (mm <sup>2</sup> /s 40°C)	Approx. 2.7
Kinetic viscosity (mm <sup>2</sup> /s 100°C)	Approx. 1.1	Flash point (°C)	Approx. 136
Pour point (°C)	Approx. -60		

Packing	—
---------	---

<About handling of the descriptions herein>

Descriptions herein were created based on materials, information, and data that have been obtained to date, but the data, evaluations, risks, etc. described are not warranted at all. In addition, the items described are intended for usual ways of handling, and therefore if the product is handled in a special manner, handle it after taking a safety measure appropriate for the application or usage.
